

componentes e boas práticas

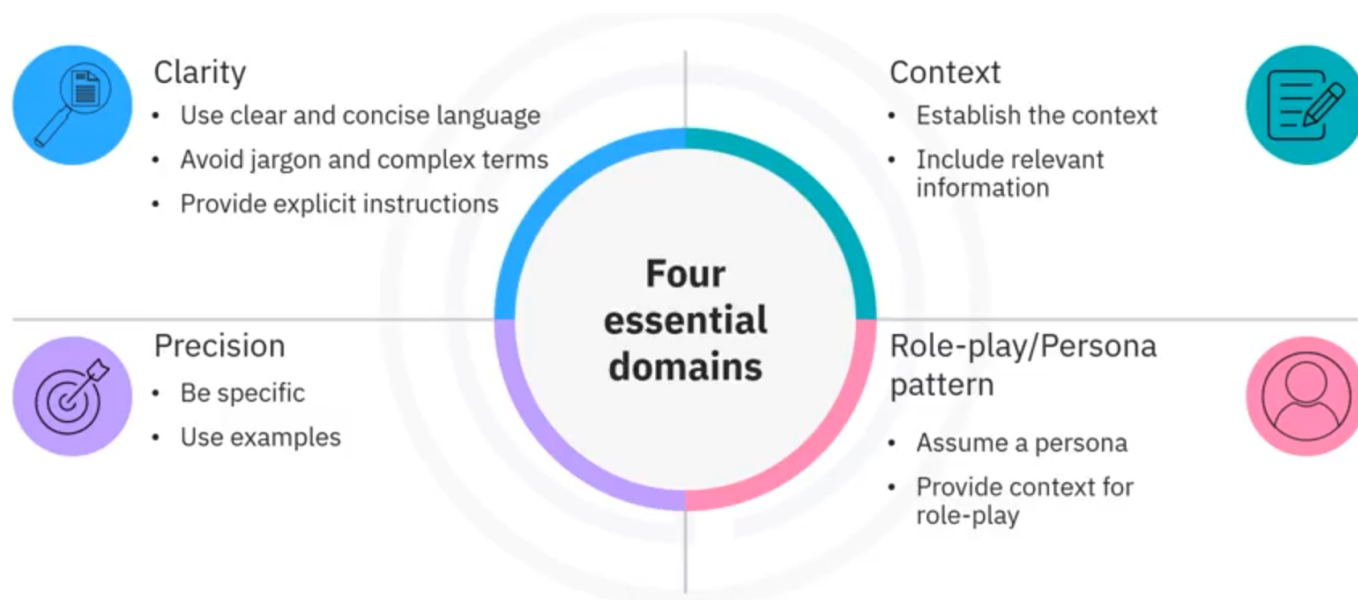

um prompt, no geral, pode conter qualquer um dos seguintes componentes:

- **Instrução** – uma tarefa ou instrução específica que você deseja que o modelo execute.
- **Contexto** – pode envolver informações externas, o porquê você está fazendo, o que você quer com aquela tarefa, onde será usado o resultado...
- **Dados de entrada** – é a entrada ou pergunta para a qual estamos interessados em encontrar uma resposta.
- **Indicador de saída** – indica o tipo ou formato da saída.

⚠ **nem todos os componentes são obrigatórios**, e o formato ideal do prompt depende da tarefa.

um bom prompt

a qualidade de um prompt, superficialmente, pode ser alcançada analisada em 4 critérios:

1. clareza

Clarity

Examples:

Discuss culinary processes that take place on foliaceous stipules of plants with the help of sunlight. Also, mention a green thing and how light, air, and water are important for the aerial parts of the plant.

Explain the process of photosynthesis in plants, detailing the role of chlorophyll and how sunlight, carbon dioxide, and water contribute to this biological function.

2. contexto

Context

Examples:

Write what happened during the outbreak of the Revolutionary War in 1775.

Describe the historical events leading to the American Revolutionary War, focusing on key incidents like the Boston Tea Party, Battle of Saratoga, etc. Highlight the tensions between the American colonies and the British government and explain how these events led to the outbreak of the Revolutionary War in 1775.

3. precisão

Precision

Examples:

Talk about supply and demand and how it is affected in economics.

Explain the concept of supply and demand in economics. Describe how an increase in demand can influence pricing with the help of an illustrative example, like the smartphone market. Similarly, explain the repercussions of reduced supply on pricing by drawing parallels with situations like disruptions in oil production.

4. Role Play / Persona Pattern

Role-play/Persona pattern

Examples:

Write a log entry describing the strange flora and fauna of an uncharted alien planet.

Pretend you are an astronaut who has just landed on an uncharted alien planet. Write a log entry describing the strange flora and fauna you've encountered, like the color of the sky and the unfamiliar sounds echoing through the alien landscape. Express your feelings of excitement, curiosity, and a hint of apprehension as you document this extraordinary journey.
